Customisable non-graphical interface to start/stop activities on mobile robots

Proposed Start Date

28/01/2019

Proposed Completion Date

03/05/2019

Are you conducting a quantitative or qualitative research project?

Mixed Methods

Does your research require external ethical approval under the Health Research Authority?

No

Does your research involve animals?

No

Are you completing this form for your own research?

Yes

Does your research involve human participants?

No

Institute

IMPACS

Please provide a brief summary of your project (150 word max)

This is a software engineering project that aims to develop an application that will run on the large robots in the department in order to assist in process management during usage. The software also lets the user control the robot's movement from its onboard computer using keyboard or touch input.

Where appropriate, do you have consent for the publication, reproduction or use of any unpublished material?

Not applicable

Will appropriate measures be put in place for the secure and confidential storage of data?

Yes

Does the research pose more than minimal and predictable risk to the researcher?

No

Will you be travelling, as a foreign national, in to any areas that the UK Foreign and Commonwealth Office advise against travel to?

No
